### How To Use the GSA Schedule

A&T Systems has also been awarded GSA Multi-Award Schedule number GS-35F-4003D. These robust offering of ADP products are supported by teaming agreements with more than 150 major manufacturers. A&T offers a full range of experienced professional staff augmentation personnel. These certified engineers, developers and technicians cross train in multiple ADP disciplines, constantly honing their skills. Most have the highest levels of active security clearances.

GSA represents an exciting contract vehicle that will allow federal customers to procure the products and related services they want, when they want them, without the need for dealing with traditional procurement delays. The GSA has streamlined the process to more closely resemble the commercial marketplace, offering procurement assistance, expedited processing and competitive fees.
