## **A&T Systems Awarded Multi-Million Dollar GSA MOBIS Contract**

*Date: January 18, 2005*

### *Contract to support Government-wide Management Organizational and Business Improvement Services*

SILVER SPRING, MD, January 18, 2005 -- A&T Systems, Inc. announced that it has received award from the United States General Services Administration (GSA) of a contract for providing government-wide Management Organizational and Business Improvement Services (MOBIS).

The scope of the contract includes Consulting Services, Facilitation Services and Program Integration and Project Management Services. All these services are to be provided through the customers using 20 different skill categories of personnel.

“A&T Systems has always taken pride in working in partnership with GSA to meet the needs of various federal agencies,” said Dr. Ashok K. Thareja, CEO of A&T Systems, “It is very exciting to add this important Government Wide Acquisition Contract (GWAC) to the list of our other contracts. This MOBIS contract will be particularly useful for expanding the reach of customers who can benefit from our Professional Services.”

As a part of the MOBIS contract, A&T Systems has made additional commitments to work with small and minority-owned businesses as subcontractors for this contract related services.
