

Vet Solutions (an A&T Systems SDVOSB Joint Venture)

Vet Solutions, LLC is a joint venture between Enterprise Technology Solutions, LLC (ETS) and A&T Systems, Inc. Both companies have been satisfying clients with superlative service and creative methods of saving clients' budgets for many years. Vet Solutions is a Service-Disabled Veteran-Owned Small Business (SDVOSB). Vet Solutions provides information technology solutions, end-to-end telecom solutions for voice and data, healthcare solutions, and professional services for both the Federal and commercial business sectors. As a VET BIZ-registered SDVOSB, Vet Solutions can help you meet your agency's "Service-Disabled Veteran-Owned" socio-economic goals under PL 109-461. With our combined experience, Vet Solutions has proven to be responsible, reasonable, and responsive in the best interests of the Government.

Vet Solutions, LLC is a Service-Disabled Veteran-Owned Small Business (SDVOSB). Vet Solutions provides information technology solutions, end-to-end telecom solutions for voice and data, healthcare solutions and professional services for both the Federal and Commercial Business Sectors.
